SIGMA Monthly Dues Schedule (Minimum monthly dues are \$125.00)

Note: Independent gasoline marketer companies vary greatly in size and type of operations. In an effort to spread SIGMA's operating costs as equitably as possible among members, dues are structured so smaller companies pay less than larger ones. To be even more fair, "size of company" is measured both on number of outlets and on sales volume of motor fuel. Include all subsidiaries and controlled affiliates (over 50% ownership). (Retail outlets controlled equals the number of retail outlets where the SIGMA member, pursuant to a contract or otherwise, has the exclusive right to supply or designate a source of supply for that retail outlet.)

1) Half of dues based on number of outlets where you control the supply of motor fuel
