March 20, 2020

RE: Mississippi Industry-Wide Petroleum Waivers

Dear Mississippi Petroleum Industry Representatives,

As a result of the reduction in demand for motor fuels due to COVID-19, the Mississippi State Chemical Laboratory (MSCL) and the Mississippi Department of Agriculture and Commerce (MDAC) are issuing fuel specifications waivers to help eliminate potential supply issues. There should be no impact on effect of the quality of fuel due to this waiver. Therefore, the MSCL and MDAC will allow fuel according to ASTM D4814 volatility class D through April 30, 2020.

Sincerely,

[Signature]

Andy Gipson, Commissioner
Mississippi Department of Agriculture
And Commerce

Sincerely,

[Signature]

Ashli Brown, Ph.D.
Mississippi State Chemist
Associate Professor
